

Product Description:

Crossgrip is a slip resistant walkway system for high traffic roof-top areas. It is ideal for roof and worker protection in high maintenance rooftop areas, where access for installation and maintenance of solar power systems, HVAC, telecommunications, and auxiliary equipment is necessary.

Sizes:

3 ft x 33 ft (99 sq. ft.) 129 lbs. / roll

Packaging:

Individually packaged

Color:

Gray, black, white or yellow

Features:

- Open grid “duckboard” design with cross directional top ribs
- Durable one-piece welded construction for long life and minimal maintenance
- Available in rolls for ease of installation
- Excellent slip resistance
- Excellent sound absorption properties
- Resistant to most acids, alkalines, and oils
- Five Year Limited Material Warranty

Attachment:

Loose laid installation. Do not weld or secure walkpads to membrane surface. Not intended for use in exposed, high wind areas or wind speeds above 60 mph.
