

Product Description:

IB Recover Membrane Vent is a two-way style, heavy duty, UV stabilized PVC vent with a strong cap that is permanently attached, making it vandal and wind-blown resistant. The 5" vent has a round IB PVC Single-Ply target flashing dielectrically welded to the vent flange. The vents are designed for ease of installation and are required on recover roof installations over existing roofs.

Packaging:

Individual or 25 per box.

Weight:

2.4 lbs./ 60 lbs. per box.

Vent Colors:

White, Tan, Black and Gray

Available Membrane Flashing Colors:

		
White	Cool Sand	Cool Stone
		
Bronze	Gray	Tan

Use:

Install in accordance with IB Specifications and Construction Details at the rate of 1 for every 1,000 sq. ft. on all mechanically attached assemblies and over existing insulated roof systems and existing lightweight concrete decks.

Note: Not intended for interior space or general building ventilation. Do not use over or in lieu of other roof vents, exhaust, plumbing, bath, or kitchen vents.

Product details stated are nominal as manufactured, and the results of tests and/or calculations and therefore are non-binding and do not represent a guarantee or warranted characteristics.
