

Leister Varimat V2

Product Description:

Using the VARIMAT V2, roofing membranes can be welded afster, resulting in lower costs. Users appreciate its streamlined ergonomics and its ease of use. The operating unit's digital display allows for the control of temperature, airflow and speed.

Packaging:

- Leister Varimat V2 and wooden case

Features:

- Slim-line design for welding in gaps as narrow as 4.3 in.
- Maintenance-free blower, no carbon brushes to replace
- User-friendly digital display that includes preset and configurable welding profiles for heat, speed and air volume
- Closed-loop system for continuous temperature monitoring
- Patented pendulum pressure roller applies pressure to the heated seam
- Drive motor strong enough to weld up to 30° slopes

Technical Data		
Voltage	V~	120
Power Consumption	W	4600
Temperature	°F	212 - 1148
Speed	ft / min	2.3 - 39.4
Air Flow	%	50 - 100
Size (L x W x H)	in.	25.2 x 16.9 x 13
Weight	lbs.	77
Mark of Conformity		CE
Approval Mark		UL
Certification Scheme		CCA
Protection Class		⏚

(Leister 220v Varimat Cord sold separately)
