Contact IB Technical Department for specific details and prior approval.			

Climate Zone Limitation Use IB Acrylic SW Coating is not suitable for use and is ineligible for IB Coating Warranty if installed in mountain areas or in climate areas where the ambient temperature can remain below freezing for more than 24 hours. An example of the limited climate zone use area is Southern California, the Mohave Desert Region of California and Nevada (including Las Vegas), the Sonoran Desert Region of Arizona (including Phoenix-south), and the Chihuahuan Desert Region of New Mexico and Texas. States other than Arizona, California, Nevada, New Mexico, and Texas including areas outside the limited climate zone limited use area within the specified states are restricted from use and are ineligible for IB Coating Warranty. Contact IBRS Technical Department at 800-426-1626 regarding specific climate zone restrictions and impact on warranty eligibility.

Coating System Warranty (NDL) Requirements	<p align="center">Coating System Warranty (NDL) Requirements</p> <ul style="list-style-type: none"> A "Coating System" Notice of Award (NOA) form must be completed, submitted, approximately two weeks prior to the start of the project. A roof plan showing dimensions and equipment layout is required. A thermal moisture scan report or diagram depicting moisture laden areas is required. Any change of approved quotation other than standard warranty fee schedule must be included on the NOA form. A minimum fee is assessed for projects less than 100 squares. A charge per square foot is assessed on projects greater than 100 squares. The coating contractor is responsible for advance notification and coordinating all required project meetings, start-ups, training requests and jobsite inspections with the IB Roof Systems inspector. Additional inspections may be required and are subject to additional fees (see "Coating System" re-inspection charges) resulting from excess punch list items, incomplete work, alterations after final, damage by other trades, and/or late submission or inaccurate information within required NOA form. 	
Coating System Warranty Re-Inspection Policy / Charges	Re-inspections due to excessive punch list items will be subject to a minimum \$500.00 re-inspection fee. Coating contractors will be invoiced for all travel expenses related to re-inspections.	
Contractor cancellation of Coating System Warranty after Inspections	When contractors elect to cancel the Coating System Warranty process after IB has engaged in interim or in-progress inspections, the Warranty Fee will be converted to applicable inspection fees of \$500 per inspection for each occurrence.	
Coating System Warranty Issuance	<ul style="list-style-type: none"> A signed and dated Notice of Completion (located at the top right corner of the NOA form) must be received by IB Roof Systems. Photos of all required corrective actions along with a signed and dated 'Final Inspection' must be submitted to IB prior to warranty issuance. Payment in full must be received by IB Roof Systems for all invoices and money owed on materials / equipment supplied, applicable warranty charges, and inspection / re-inspection fees. IB Roof Systems only inspects Coating System Warranted projects. Warranty inspections are conducted solely for IB Roof Systems use and benefit in the administration of our warranty program and are provided to our IB Authorized Applicators on Coating System warranty installations. No other party may assume, act, or rely upon IB inspection as a substitute for their Quality Assurance program or obligations. Contractors may at their discretion, provide or request IB Roof Systems forward copies of inspection reports to other parties. IB additionally reserves the right to distribute inspection reports or warranty information to the building owner or other parties as we determine appropriate or as directed by our legal counsel. Requests for Inspection Report copies are typically forwarded to the IB Authorized Contractor for handling. IB Roof Systems published warranty fees include a minimum fee per project for Coating System warranted installations.
